

24-port full-duplex fiber optic patch panel

Overview

The 1U 24 port fiber patch panel is design to realize the connection between external optical cables and pigtails, it is available to configure with SC/LC plate as application need. It has four cable entry points on the back fitted with rubber grommets to protect the fiber optic. Nexconec sliding patch panel accepts 24 adapters SC Simplex or LC Duplex within 1U space. The tray is locked by 2 plastic latches and lowers to a 45deg angle when fully extended. The DPPY24 Series LC Duplex Adapters DIN Rail Mount Fiber Optic Patch Panel can be pre-loaded with the required LC duplex fiber optic adapters. Designed to be compact and lightweight, this patch panel can be mounted on the DIN Rail track and installed together in the server rack cabinet with the. Telhua's 24-port LC fiber patch panel offers high-density, reliable fiber management with tool-less installation. Compliant with IEC, TIA/EIA & RoHS standards. Request a quote or download specs.
