

4-port terminal box with pigtail

Overview

The 4 port surface mount fiber termination box designed to connect optical fiber cable with pigtails in FTTH/FTTB/FTTD application. The small and lightweight ftth terminal box is ideal for mini network termination, enabling reliable connection between drop cables and ONT (Optical Network Terminal). Dimension 200mm*110mm*35mm, Can be mounted vertically or horizontally. The Cover can be closed and opened easliy without screws. It's convenient for operating. Pre-assembled LC UPC 8 cores colorful singlemode 0. It is a cost-efficient wall mount fiber patch panel for low-density fiber cablings, especially. The HTB8010 4 Ports FTTH Fiber Termination Box is specially designed for fiber access termination in residential or light commercial buildings. It offers mechanical protection for fiber and pigtail management, integrates splice and termination in a compact form, and features user-friendly operation. This Indoor Wall Mounted Single Door Optical Fiber Information Panel from ShowMeCables is ideal for end terminations of fiber optic runs in residential or commercial buildings.
