

# 7610 Core Switch

## Overview

The Ruijie RG-S7610-10SFG2CQ 10GE Native Multi-Rate Redundant Enterprise Core Switch is a high-reliability, high-performance solution tailored for large enterprise campus cores, data center aggregation layers, and metropolitan area networks. The core switch provides 10 x SFMP high-density CWDM ports, supporting a total of 160 access devices, implementing ultra-high-density connections in a 1 RU space. It also provides 2 x 100GE QSFP28 uplink ports, and one expansion slot for connecting to servers, common switches, and other devices. Designed for all-optical scenarios, this series adopts CWDM technology and integrates a combiner, reducing core port usage and simplifying deployment. H3C S7610 is part of the H3C S7600 Series, tailored for carrier-grade high-end routing switches. High reliability, extensive scalability, and rich service capacity make the S7610 a versatile. Customers have the right to withdraw from the contract within 14 days without providing any reason. The withdrawal period ends 14 days after the day you receive your order. Products must be returned in good condition, unused, and in their original packaging, except in cases of quality defects. Equipped with 10 native 10GE SFP+ optical ports as.

## Article Content

### Cisco C9610 Series Smart Switches

Cisco C9610 Series Smart Switches are Cisco's next-generation modular core switches built to power future-proofed workplaces.

### H3C S7610 Routing Switch, S7600 Series Carrier-Grade Core

Deploy H3C S7610 carrier-grade core routing switch for high-performance, reliable aggregation and advanced L2/L3 services in ISP and enterprise.

### RG-S7610-10SFMP2CQ, 10-Port 1 RU SFMP 2.5GE Ultra-High

The core switch integrates the CWDM technology based on traditional Ethernet interfaces. This enables transparent service transmission from core to access, effectively reduces the number of interfaces

### H3C S7610 Routing-Switch, S7600 Serie Carrier-Grade Core

Der H3C S7610 gehört zur H3C S7600-Serie und ist speziell für Carrier-fähige High-End-Routing-Switches konzipiert. Seine robuste Leistung zeichnet sich durch fortschrittliche Funktionen aus, die

### RG-S7610-10SFG2CQ 1 U Ultra High-Density CWDM Fixed Core Switch

Designed for all-optical scenarios, this series adopts CWDM technology and integrates a combiner, reducing core port usage and simplifying deployment.

### Ruijie Rg-S7610-10sfg2cq/10sfx2cq/10sfmp2cq/10sfxp2cq Rg-S7620

Ruijie switch By employing color-coded optical technology, wavelength division multiplexers are integrated into switching equipment, effectively reducing the number of core ports required and

### All Switches Products

Cisco has a comprehensive portfolio of network switches and switching solutions for enterprise networks, data centers and small businesses. [Learn more.](#)

### H3C S7610-X routing switch, S7600 series carrier-grade

Deploy H3C S7610-X carrier-grade high-end routing switch for 100GE/40GE aggregation, modular scalability and hot-swappable reliability in core networks.

### Understanding Core Switch: What It Is and How to Choose the Right

A core switch is not merely a type of switch but rather denotes the switch that operates at the core layer (the network's backbone). Positioned at the top of the three-layer network architecture,
