

As I-beam cable tray manufacturer

Overview

Cope is a premier brand of cable management solutions, featuring a full array of metallic and non-metallic cable tray. The offering includes ladder tray, channel tray, wire basket tray, and our newest product line addition, I-beam tray, along with a full portfolio of accessories. The I-Beam cable tray design is another side rail style offered besides C-Channel side rail styles for customers that prefer this style. One advantage of I-Beam ladder cable trays is that hold down clips and expansion guides can be located on the inside or outside of the I-Beam cable tray. MP Husky is one of the leading cable tray suppliers in the USA & . Atkore's Cope was the first modular cable tray system. Thomas Jefferson Cope developed and introduced it to the electrical industry in 1948. Whether specifying a major new project, refurbishing existing facilities or doing the engineering, procurement and construction (EPC) for your end user, with T&B Cabletray, ABB offers reliable solutions du g conforming to ASTM A123 & ISO 1461 : m.
