

Customized Fireproof Cable Tray Prices in Xunhua

AI Overview

Fireproof cable trays, including Xunhua models, typically range from \$15 to \$120 per meter depending on material, size, and load rating. Typical Price Range

Fireproof cable trays are available in FRP (fiberglass), stainless steel, aluminum, and galvanized steel. Prices vary based on:

- Material:** FRP and fiberglass trays are generally more cost-effective, while stainless steel and aluminum offer higher corrosion resistance and fireproof ratings.
- Tray Type:** Ladder, perforated, and trough designs influence cost. Ladder trays are common for heavy-duty applications, while perforated trays are lighter and easier to install.
- Dimensions:** Width, depth, and thickness affect pricing. Standard widths range from 50mm to 300mm, with thicknesses from 1.0mm to 2.5mm.
- Load Rating:** Light, medium, and heavy-duty trays have different price points. Heavy-duty trays for industrial or commercial projects are more expensive.
- Fireproof Certification:** Trays with higher fire-resistance ratings or compliance with IEC 61537 or NEMA VE 1 standards may cost more.

Example Pricing

Based on general market data:

- FRP Ladder Cable Tray: \$15–\$35 per meter
- Stainless Steel Perforated Tray (304/316): \$50–\$120 per meter
- Aluminum Alloy Ladder Tray: \$40–\$90 per meter
- Coupler Plates and Accessories: \$16–\$30 per piece depending on size

Sourcing Xunhua Fireproof Cable Trays

To obtain exact Xunhua pricing, consider:

- Direct Supplier Contact:** Reach out to Xunhua distributors or manufacturers via Alibaba or Made-in-China platforms for quotations.
- Bulk Orders:** Prices often decrease with larger quantities; minimum order quantities may apply.
- Customization:** Custom lengths, powder coating, or special fireproof ratings may affect cost.
- Shipping and Taxes:** Include delivery charges, GST/VAT, and import duties if sourcing internationally.
