

Czech hot-rolled cable tray manufacturer

AI Overview

ARKYS and FEMI-CZ are leading Czech manufacturers of metal cable trays, offering wire mesh, ladder, and solid-bottom solutions for industrial and civil installations. ARKYS has been operating in the Czech market for over 25 years and is recognized as the largest manufacturer and supplier of wire mesh cable trays in the country. They specialize in high-quality, durable trays suitable for various industrial and commercial applications, providing solutions that ensure cable protection, ventilation, and easy installation. FEMI-CZ focuses on customized metallic cable tray solutions for large plants and standard products for civil and industrial installations. Their product range includes: Solid bottom cable trays (perforated and closed) Ladder trays for medium and large section cables Mesh trays for lightweight, ventilated cable support FEMI-CZ emphasizes customization, offering tailored solutions for sectors such as transport, energy, and oil & gas. They also provide a wide range of accessories, supports, and fastening systems to accommodate complex layouts. Other Suppliers Additional Czech suppliers include companies listed on B2B marketplaces and specialized distributors, offering cable trays in galvanized steel, stainless steel, and fiberglass. These suppliers provide both standard and custom solutions, ensuring compliance with industry standards and supporting installation and system design. Choosing a Manufacturer When selecting a Czech hot-rolled cable tray manufacturer, consider: Tray type: wire mesh, ladder, or solid-bottom Material: galvanized steel, stainless steel, or fiberglass Customization options: ability to produce trays for large-scale or specialized projects Experience and reputation: companies like ARKYS and FEMI-CZ have decades of experience in the Czech market Support services: design assistance, installation guidance, and accessory availability These manufacturers provide reliable, high-quality cable management solutions suitable for industrial, commercial, and civil engineering projects.
