

EU Large Span Cable Tray Quotation

AI Overview

EU long-span cable trays are available from multiple suppliers, including Eurostrut, Trayco, Eurotray, and BAKS, with options for reinforced, galvanized, stainless steel, and mesh designs suitable for industrial and commercial installations. Key Suppliers and Options

1. Eurostrut Eurostrut offers a wide range of cable trays suitable for indoor and outdoor applications, including long-span configurations. Their trays are made from hot-dip galvanized steel or stainless steel, feature open or perforated designs for ventilation, and allow fast installation to reduce labor costs. Quotes can be requested directly via their webshop for specific dimensions and configurations .
2. Trayco Trayco specializes in Belgian-manufactured cable trays, mesh trays, and ladders, providing consulting and optimization services for cable support systems. They offer tailored solutions for long-span installations and can provide customized quotations based on project requirements. Their advisers assist in selecting the correct materials and configurations .
3. Eurotray The EU series strengthened type cable trays from Eurotray are designed for high load capacity and long-span applications. Features include reinforced forms to prevent warpage, recessed slots to avoid cable damage, and efficient cable exit points. These trays are lightweight, which contributes to faster assembly, and are suitable for exposed installations without suspended ceilings. Quotations can be requested through their contact channels .
4. BAKS Systems BAKS provides a comprehensive range of long-span cable ladders and trays, including self-supporting and wire mesh options. Their online tools allow for load simulation, cable filling calculations, and cost estimation, enabling quick preparation of a bill of materials and pricing. BAKS also offers Revit model databases for design integration and fast quotation generation .

Considerations for Quotation

Material choice: Hot-dip galvanized steel, stainless steel, or halogen-free plastic depending on environment and corrosion resistance requirements . Load cap...
