

Egyptian Smart Micro-Module Data Center Brand

AI Overview

NANOX is a leading Egyptian brand providing smart, ready-to-deploy micro data centers tailored for industrial and business applications. Key Egyptian Providers NANOX specializes in smart micro data centers designed for industrial operations, factories, and business complexes. Their units feature advanced security, precise environmental control, high-availability virtualization, and intelligent monitoring, ensuring continuous performance and protection for critical IT operations. NANOX micro data centers are compact, scalable, and purpose-built, suitable for both indoor infrastructure and full-scale containerized data hubs, allowing businesses to deploy IT operations efficiently and securely on-site.

Egypro is a specialized data center system integrator in Egypt with over 27 years of experience. They provide a comprehensive range of products and services, including precision cooling solutions, UPS systems, and modular rack cooling units. Egypro has been involved in major projects like the COC and CCC Data Centers, offering solutions that combine reliability, energy efficiency, and high-density computing support.

Other Notable Egyptian IT Integrators

- FORTE CLOUD: Offers cloud services and Infrastructure as a Service (IaaS) with virtualization expertise, supporting modular and scalable data center deployments.
- Elite Technology & Logistics: Provides enterprise IT hardware, consulting, deployment, and managed support for data centers.
- C-Selection: Focuses on secure digital transformations and data center solutions, including cloud integration.

International Brands Operating in Egypt

- Huawei FusionModule2000: A versatile micro-module data center solution for small- to medium-sized enterprises, banks, governments, and healthcare, offering high integration and efficient energy management.
- Schneider Electric EcoStruxure Modu...
