

Industrial Complete Maintenance Power Distribution Box

Overview

This product is waterproof, dustproof, corrosion-resistant, and has high-strength insulation. Complete specifications, easy installation, easy to carry, provide flexible power output. Executive standard: EN60439-4 Protection class IEC60529 IP44/IP67 Color optional: yellow. The industrial distribution box serves as a crucial component in modern industrial electrical systems, functioning as a central hub for power distribution and circuit protection. This robust enclosure houses various electrical components including circuit breakers, switches, and terminals, enabling. KRIPAL manufactures industrial combination boxes that integrate multiple IEC 60309 socket outlets of different current ratings into a single IP-rated enclosure, creating a compact power distribution unit for construction sites, workshops, marinas and event power applications.
