

# Mauritius Telecommunication Tower Manufacturer

## AI Overview

Key telecom tower manufacturers and infrastructure providers in Mauritius include TIL, Benchmark Consulting Engineers, and NETIS, offering design, construction, and maintenance services. Leading Companies

1. Teleconvergence – Infosystems Ltd (TIL)  
TIL is a market-leading telecom infrastructure company in Mauritius, specializing in the design, supply, and installation of turnkey BTS sites, as well as maintenance services. They provide solutions for copper, optical fiber, and wireless digital switching systems, and support mobile operators in expanding network coverage across high-growth markets in the Indian Ocean region. TIL also offers micro-trenching solutions and 24/7 customer support for telecom infrastructure projects.
2. Benchmark Consulting Engineers Ltd  
Benchmark is a prominent telecommunication tower designer and structural engineer in Mauritius, having delivered over 300 towers for MTML, Mauritius Telecom, and Emtel. Their services include structural surveys, electromagnetic testing, cost estimation, site supervision, and tower upgrades. They handle civil and structural design, project management, tender preparation, and support for torque and welding tests, ensuring compliance with safety and performance standards.
3. NETIS Group  
NETIS provides comprehensive telecom infrastructure services, including the design, construction, and maintenance of telecom towers and fiber optic networks. They focus on optimizing network performance and productivity, with operations across multiple African countries and a headquarters in Mauritius. NETIS emphasizes sustainable and energy-efficient solutions, including carbon-free network infrastructure, and offers managed services for network management and maintenance.
