

Namibia Electricity Meter and Distribution Box Installation Manufacturer

AI Overview

Key Namibian companies for electricity meter and distribution box installation include Megatron Engineering Namibia, Swakop Electrical Supplies (SES), Protecton Engineering Namibia, Africa Power & Light, and Central Technical Supplies. Leading Providers

Megatron Engineering Namibia (Pty) Ltd Megatron is a 100% Namibian-owned electrical EPC company specializing in medium and high voltage projects. They have certified technicians and partnerships with global OEMs, offering comprehensive electrical engineering services including installation and maintenance of distribution systems across Namibia and the SADC region . Swakop Electrical Supplies (SES) SES provides full-scope electrical, control, and instrumentation solutions. They supply, install, and maintain high-quality transformers, switchgear, ring main units (RMUs), and distribution systems. SES serves mining, utility, and government projects, offering turnkey solutions from design to commissioning . Protecton Engineering Namibia (Pty) Ltd Protecton offers EPC solutions for low to high voltage electrical infrastructure. Their services include project management, engineering design, installation, testing, and commissioning of transmission and distribution stations, overhead lines, and underground cables. They also provide automation and integration services according to international standards . Africa Power & Light Company This firm specializes in electrical engineering consulting, including the design and installation of metering equipment, energy efficiency systems, and alternative energy solutions. They provide tailored solutions for industrial and commercial clients . Central Technical Supplies (CTS) CTS offers profe...
