

North Africa Explosion-proof Distribution Box Factory

AI Overview

WAROM Technology MENA FZCO and EXB Electric are leading suppliers of explosion-proof distribution boxes in North Africa, offering certified, customizable solutions for hazardous environments. WAROM Technology MENA FZCO WAROM operates as a regional hub for the Middle East and North Africa, providing a full range of explosion-proof electrical equipment, including distribution boxes, control equipment, lighting, and air conditioners. Their products are widely used in oil & gas, chemical, marine, mining, and industrial sectors. Key features include:

- Certifications:** IECEx, ATEX, CENELEC, and compliance with international standards.
- Materials:** Stainless steel (316) enclosures for durability and corrosion resistance.
- Customization:** Boxes can be combined, installed freely, and equipped with a wide range of built-in components to meet client-specific requirements.
- Technical Support:** WAROM provides on-site technical assistance, assembly, quality control, and after-sales service.
- Regional Presence:** Their MENA facility ensures rapid response and local stock availability, making them suitable for North African projects.

EXB Electric supplies CEAG-branded explosion-proof equipment, including distribution boxes, control stations, and flameproof enclosures. Highlights include:

- Standards Compliance:** EN 60079, Ex-e, suitable for hazardous zones 1, 2, 21, and 22.
- Safety Features:** Integrated locking systems, low-temperature impact-resistant thermoplastic enclosures, and chemical resistance.
- Industry Focus:** Petrochemical, oil & gas, and related industrial sectors.
- Customization and Reliability:** CEAG products can be tailored for specific applications, ensuring safe operation under adverse conditions.

Product Example The HRMD92 Explosion-Proof Distribution Box from WAROM is a notable example: Enclosure: 316 stainless steel with specialized hinge structure to p...
