

Direct sales prices for photovoltaic cable trays vary by material, size, and customization, with bulk orders typically offering significant discounts from manufacturers in China and other major production hubs.

Key Manufacturers and Product Options

CANHOPE offers self-locking reinforced photovoltaic cable trays made from Al-Zn-Mg coated steel, providing high corrosion resistance and durability. Their products are modular, standardized, and suitable for rooftop and ground-mounted PV systems, with pricing dependent on specifications and order volume (CANHOPE emphasizes direct factory sales).

Huge Energy manufactures solar cable trays from carbon steel, stainless steel, or aluminum, with certifications including UL, TUV, IEC, and CE. They provide OEM/ODM services, optional covers, connectors, and support accessories. Direct inquiries to the company can yield bulk pricing and customized solutions.

Made-in-China Suppliers offer cable trays with lightweight, low-cost, and high corrosion resistance. They maintain stock of standard sizes with delivery times of 7-20 days after deposit. Customization is available for large-scale projects, and prices are negotiable based on quantity and material.

Global Sourcing Platforms such as go4WorldBusiness and Accio list verified photovoltaic cable tray manufacturers offering wholesale pricing, bulk discounts, and direct factory deals. Many suppliers provide free samples, flexible MOQs (50-500 units), and worldwide shipping with FOB or CIF terms.

Pricing Considerations

Material Type: Aluminum and Al-Zn-Mg steel trays are more corrosion-resistant and may cost more than standard galvanized steel.

Customization: Custom lengths, widths, and accessories (connectors, covers) can affect the unit price.

Order Volume: Larger orders typically receive lower per-unit prices.

Certifications: Products with UL, IEC, or ISO certifications may have higher co...
