

SC4 port fiber optic terminal box

Overview

FTB2-SC-4 is a 4-port SC simplex outdoor termination box (210x140x40mm) with plastic housing. Supports wall/pole mounting, fixing/splicing pigtails, up to 4 FTTH drops. Hey everyone! today, i'm excited to introduce you to a super practical fiber optic terminal box - the hongpin thickened sc4 port fiber optic terminal box This product boasts carrier-grade quality and comes equipped with a 4-core fusion splicer and a full complement of fiber optic cables, making it. The HTB8010 4 Ports FTTH Fiber Termination Box is specially designed for fiber access termination in residential or light commercial buildings. It offers mechanical protection for fiber and pigtail management, integrates splice and termination in a compact form, and features user-friendly operation. The 4 port fiber wall plate box is surface mount termination enclosure designed to provide a reliable and efficient fiber termination solution for indoor fiber-to-the-home applications. It serves as an indoor fiber outlet, connecting drop cables to end-user devices and ensuring stable, high-speed. Fiber Optic Cable terminal box is use for connecting small capacity cable with the terminal. Features Electrostatic spraying, beautiful appearance, easy to operate. Equip with cable fixed device, splice tray, thread ring. Built for FTTH applications, it is compatible with SC connectors and supports either splicing or mechanical connections.
