

Singaporean security industrial switch manufacturer

AI Overview

Key Singaporean manufacturers of industrial switches include SL Electric, GSM Pte Ltd, BM Safety, and JFL Electronics, each offering specialized solutions for industrial and commercial applications. SL Electric Pte Ltd SL Electric is a well-established manufacturer of electrical switchboards and switchgear solutions with over 20 years of experience. They provide power distribution products for commercial, residential, industrial, and mission-critical applications such as data centers and healthcare facilities. Their offerings emphasize safety, durability, and compliance with industry standards, making them a trusted partner for infrastructure and specialized industrial projects. GSM Pte Ltd GSM is a leading manufacturer of low voltage switchgear and control gear assemblies in Singapore. Founded in 1988, GSM specializes in control panels, low voltage switchboards, motor control centers, power distribution units, and withdrawal modules. They serve industrial, commercial, petroleum, and power plant sectors, providing solutions that meet international standards and support complex industrial operations. BM Safety BM Safety focuses on safety and automation products, including sensors, switches, and encoders. While primarily a supplier, they cater to industrial automation needs in Singapore, offering products that enhance operational safety and automation efficiency. JFL Electronics Pte Ltd JFL Electronics is a trader and distributor of electrical and electronic components, specializing in switches, connectors, cables, and industrial controls. As an APEM distributor, they provide a wide range of industrial switches, joysticks, LED indicators, and control devices, suitable for various industrial applications. Summary For industrial switch solutions in Singapore, SL Electric and GSM Pte Ltd are the primary manufacturers offering comprehensive switchgear and control systems. BM Safety and JFL Electron...
