

Source Manufacturer Aluminum Alloy Cable Trays

AI Overview

Leading manufacturers of aluminum alloy cable trays include MP Husky, EAE Electric, Powerack, and NewReach, offering lightweight, durable, and corrosion-resistant solutions for industrial and commercial applications.

Key Manufacturers

- MP Husky** produces aluminum cable tray systems that are lighter than steel, certified by CSA, UL listed, and compliant with NEMA standards, making them easier to install and suitable for a variety of electrical installations.
- EAE Electric** offers aluminum cable trays and ladders designed for high load capacity, corrosion resistance, and easy installation. Their products are ideal for both indoor and outdoor applications, providing excellent thermal conductivity to prevent cable overheating.
- Powerack** specializes in custom and wholesale aluminum cable trays, integrating structural mechanics, material science, and aesthetic performance. They provide high-quality solutions for complex wiring systems and can accommodate specific project requirements.
- NewReach** manufactures aluminum cable trays from durable aluminum alloys such as 6063, offering high loading capacity, corrosion resistance, and non-magnetic properties for sensitive environments like data centers. Their trays are lightweight, easy to install, and designed for long-term durability.

Additional Sourcing Options

For broader procurement, B2B marketplaces like Tradewheel and platforms listed in B2B Headlines provide access to multiple global manufacturers, including options for customized aluminum cable trays and other cable management systems. These platforms allow buyers to compare quality, pricing, and delivery options across suppliers.

Considerations for Selection

When choosing a manufacturer, consider:

- Material quality** (aluminum alloy type, corrosion resistance)
- Load capacity** and structural design
- Certifications** (UL, CSA, NEMA)
- Ease of installation and maintenance**
