

Three-Prong Fiber Stripper

Overview

The 3 Ports Fiber Stripper facilitates the removal of the 1. Additionally, it handles the 600-900 micron buffer coating and the 250 micron acrylate coating with ease. Therefore, we offer tools that ensure clean strips without compromising the integrity. The Miller CFS-3 Three-Hole Fiber Optic Stripper is a versatile, high-precision tool designed for efficient stripping of fiber optic cables. Miller brand tools by Ripley are one of Tech Tool Supply's top selling brands for two reasons; the precision. The TFN CFS-3 fiber optic stripper integrates three common stripping functions into one, capable of handling fiber sizes from 125 μm bare fiber to 3 mm pigtail jackets. Made from high-carbon steel with anti-rust treatment, it ensures long-lasting performance in various environments. An added safety lock allows the tool to be easily stowed when not in use.
