

Waterproof and fireproof cable tray manufacturers

AI Overview

Top manufacturers of waterproof and fireproof cable trays include Atkore International, NewReach, and Hongfeng Group, offering durable solutions in steel, aluminum, and fiberglass. Leading Manufacturers and Suppliers Atkore International provides a wide range of cable tray systems, including solid-bottom and ventilated trays suitable for industrial and commercial applications. Their products include fiberglass channels and wire mesh trays designed for durability, fire resistance, and ease of installation, with options for customized fittings and configurations. NewReach specializes in fire-rated cable trays that maintain structural integrity during fires. They offer trays made from powder-coated aluminum, galvanized steel, and fiberglass with intumescent coatings, ensuring both fire resistance and protection against environmental hazards. Their solutions are designed to safeguard critical systems like emergency lighting, fire alarms, and building management systems. Hongfeng Group manufactures a variety of cable trays, including perforated, aluminum alloy, and plastic-sprayed trough trays. Their products are adaptable to different environments, providing waterproofing and fire-resistant options suitable for industrial and commercial installations. Additional Options: Platforms like Alibaba and ThomasNet list multiple suppliers of fireproof and waterproof cable trays, offering materials such as stainless steel, galvanized steel, and aluminum. Many trays are tested to standards like UL 1724 and NFPA 70, and may include intumescent coatings or mineral-insulated wraps for enhanced fire protection. Key Features to Consider Materials: Stainless steel, aluminum, fiberglass, and galvanized steel for corrosion and fire resistance. Fire Ratings: UL 1724, NFPA 70 compliance ensures circuit integrity during fire events. Waterproofing: Solid-bottom trays or coated finis...
