

What are some Asian manufacturers of galvanized cable trays

AI Overview

Asia hosts several reputable galvanized cable tray manufacturers, including Brilltech Engineers, ApexTray, and Laigang Group, offering durable, corrosion-resistant solutions for industrial and commercial applications. Leading Manufacturer Brilltech Engineers Pvt. Ltd. is a prominent manufacturer and supplier of galvanized cable trays in Asia. They specialize in hot-dip galvanized steel trays that provide superior corrosion resistance and durability. Their trays feature perforated designs for ventilation, ensuring optimal cable performance and easy installation. Brilltech serves a wide range of applications, from power plants to commercial buildings, and offers custom specifications to meet project requirements. ApexTray (Apex Cable Tray Systems Co., Ltd.) in China focuses on high-quality, easy-to-install cable trays suitable for challenging environments. Their products comply with ISO 9001 and UL standards, making them suitable for both domestic and international projects. ApexTray provides customizable solutions for complex installations, emphasizing durability and corrosion resistance. Laigang Group manufactures galvanized tray cable trays using Q235 steel with electro-galvanized or hot-dip galvanized coatings. Their trays are lightweight, ventilated, and designed for efficient heat dissipation. Laigang offers OEM/ODM services, multiple shipping ports across China, and flexible payment options, catering to industrial and civil building projects. TRG Cable Tray from Chennai, India, produces hot-dip galvanized and perforated steel cable trays. Their products are corrosion-resistant, available in various sizes, and fabricated according to client specifications. TRG emphasizes long service life, robust construction, and compliance with industry standards. Key Features to Consider Material & Coating: Hot-dip galvanized or electro-galvanized steel for corro...
