

Which company makes the best rainproof cable trays

AI Overview

Top rainproof cable tray brands include Atkore International, OBO Bettermann, Legrand (Cablofil), Niedax Group, and Spina Group, offering durable, corrosion-resistant solutions for outdoor and industrial environments.

Leading Manufacturers

- Atkore International** – Known for industrial cable management systems, Atkore offers galvanized and stainless steel cable trays suitable for outdoor and wet environments, with extended warranties and customizable options for heavy-duty applications.
- OBO Bettermann** – A German-based manufacturer with over 100 years of experience, OBO provides cable support systems designed to withstand moisture, corrosion, and mechanical loads. Their stainless steel and galvanized trays are engineered for industrial and outdoor installations.
- Legrand (Cablofil)** – This French company specializes in wire mesh trays that are lightweight, flexible, and fully enclosed options are available for rainproof protection. Cablofil trays are widely used in commercial and industrial projects requiring weather resistance.
- Niedax Group (Germany)** – Offers a broad range of cable trays and support systems for construction, energy, and transportation sectors. Their products comply with EN 61537 and ISO 9001 standards, ensuring durability and corrosion resistance in outdoor conditions.
- Spina Group (Italy)** – Specializes in ladder and perforated trays designed for heavy-duty applications, including shipbuilding and industrial plants. Their trays are suitable for environments exposed to rain and humidity.

Material Recommendations for Rainproof Applications

- Galvanized Steel** – Provides high corrosion resistance and is cost-effective for outdoor use.
- Stainless Steel** – Ideal for harsh environments with chemical exposure or high moisture.
- Fiberglass Reinforced Plastic (FRP)** – Excellent for high-corrosion areas, including marine and chemical plants.
